Agua Dulce Special Filming Conditions

Tuesday, August 21, 2018

1. FilmL.A. will evaluate all requests for permits in this area using the following criteria: Frequency of filming per block near the requested location and parking areas – Duration and frequency of recent filming – Proximity of concurrent filming activities – Historical use – Recent problems or complaints – violations of County Code – Number of filming days requested – Company size – Proposed activities (effects, excessive noise, cranes, night filming, number of days with use of outdoor lights, etc.) – any other criteria that may be relevant to the specific situation. **No Permits for Agua Dulce will be allowed without the above review.**

2. Affected residents must be notified at least two (2) days in advance of the first day of (standard) filming or the first day of any substantial set preparation. Permit requests must be submitted to FilmL.A. at least three (3) full business days in advance. Notice over an expanded area may be required for special effects or other extraordinary film activities in areas where horses or other livestock are located or when the filming location is in a canyon per County direction.

3. Production companies are cautioned that use of private roadways is not granted via a film permit (nor is the use of private property like a house) and use of Private roads require approval from the respective owners. Grading or modifications of off-site locations is not permitted. Displacement of dust must be minimized. Parking prohibitions are for all Public County roads.

4. Large trucks and production vehicles are prohibited from unpaved streets/roads. Smaller trucks (“stake beds” and vans) must be used for equipment and personnel movement. Speed limits must be obeyed where posted or 10 mph where not posted. Displacement of dust must be minimized.

5. Parking of production equipment on streets/roads will require additional County review, including any necessary base camps. Use of unpaved streets/roads is limited to access to or exit from filming location. Parking should be at base camps or “all on property.” Where roadway parking may be approved, it is limited to one side of the street. Film company vehicles shall not interfere with County activities, utility work, maintenance, trash pick-up, safe use of the streets or access to properties, unless approved by the affected residents or businesses.

6. The standard residential requirement prohibiting arrival before 7:00 a.m. and departure after 10:00 p.m., Monday through Friday, must be strictly adhered to. An extension of the standard filming hours will require that affected residents be surveyed to identify neighborhood concerns and the approved date, hours and activities must be specifically indicated on the permit. Additional consideration is given to residents near the filming activities and their concerns will be given priority. These hours apply only to “residential” and "agricultural" land but does not apply in commercial/industrial zones. All requests are analyzed on a case by case basis.

NOT A PERMIT

Agua Dulce Special Filming Conditions

Tuesday, August 21, 2018

7. FilmLA, with the approval of the County, can deny the permit if they receive information that the notifications were not timely enough to address the concerns of the horse or livestock properties. Depending on the type of filming that is proposed could require a longer notice period up to the five (5) days if explosions or other special filming are planned. Relocation of horse or other livestock, if needed, is at productions expense. Surveys will be done with these property owners to assess negative impacts and those responses are considered and shared with the Permit Authority (DPW) in the approval process. Only the County has the authority to approve a permit.

8. Cast and crew shall be informed of the provisions of the Filmmaker's Code of Professional Responsibility.

9. To determine whether a road is privately owned or County Owned, please use http://dpw.lacounty.gov/gmed/lacroads/Find.aspx DPW does not maintain private roads or public roads which have not accepted into the road system.
